Turkeys

Each Christmas we source the very best Turkeys for you, our customers. We expect high standards from our suppliers to ensure exceptional flavour and juiciness, that's why our exclusive range of Turkeys are specially reared for us in Norfolk by Robert Garner and his family.

Our Turkeys include traditional free-range Bronze and Norfolk Black breeds, both renowned for their exceptional flavour. The Bronze Turkey is easily recognised by its beautiful, shimmering plumage. Carefully slow-reared by the Garner family and fed a premium diet, these birds deliver unrivalled taste and succulent tenderness - just what your Christmas table deserves.

THIS CHRISTMAS, HAMBLETON'S OFFERS THE ULTIMATE CENTREPIECE FOR YOUR TABLE. CHOOSE A WHOLE TURKEY FOR RICH, TRADITIONAL SUCCULENCE, OR A BONELESS BREAST JOINT FOR EFFORTLESS CARVING WITH THE SAME OUTSTANDING FLAVOUR. TURN OVER TO FIND OUT MORE ABOUT OUR BONELESS TURKEY BREAST CHOICES.

OUR TOP TIPS FOR A PERFECTLY COOKED CHRISTMAS TURKEY

- ❖ Choose one of our expertly reared birds for unbeatable quality and flavour.
- ❖ Remove the wishbone before cooking - it makes carving much easier.
- ❖ Take your turkey out of the fridge and let it come to room temperature before roasting.
- ❖ Use a meat thermometer and cook until the thickest part reaches 75°C for juicy, perfectly cooked results.
- ❖ Allow the bird to rest for at least 30 minutes after roasting - this helps lock in the juices.
- ❖ After your meal, remove any remaining meat from the carcass and refrigerate to keep it tasting its best.
